

ALL ABOUT

1st GRADE

This book is
dedicated to:

Crompton's
Crew

WELCOME

You will also have workbooks and a reading book to keep in your desk.

In first grade you will have your very own desk to keep your supplies in.

Some of your supplies will go in special tubs in front of Mrs. Crompton's desk.

What do you do in first grade?

We have special reading envelopes you will get to take home each night. There is also a green reader that has lots of stories we will read together!

You will have a special 1st Grade writing journal to write your stories in.

We play tons of math games during the year. It is so much FuN!!

In October we will start having spelling words each week.

What are Rotation Classes?

Every morning our class gets to see a different teacher for a special class. We will have

- ✓ P.E.
- ✓ Music
- ✓ Art
- ✓ Computers

Word Wall Words

In first grade we have word wall words that we will put up on the wall. We use these words to help us read and write. There are also special words that help us to read and spell other words.

The "Meeting Pad"

We have our morning meeting and calendar time at the "Meeting Pad." This is also where we will sit to listen to stories.

Our Classroom Library

We will read lots of books during the year! You will also get to take a book home every night to read.

Morning Jobs

There are morning jobs we do each day. Your lunch card will be in the apple. You have to move it to a special basket to let me know if you are eating school lunch or if you brought your lunch from home. After we say the pledge we will count the cards to let the cafeteria know how many lunches our classroom will need.

You will also put your folder and reading envelope away when you come in each morning.

You will have your very own mailbox too! Each afternoon there will be a homework paper for you to take home. On Friday, you will get all of your work from the week back.

You will get to read out of the blue book tubs in the afternoon.

Centers

After your morning jobs are down you will get center time. There are 5 centers that you will get to go to during the week. We follow the wheel to know which center you will be at each morning.

Center 1

At center 1 you get to read books and have free time to play with the toys and games.

Center 2

Center 2 has a different game each week. Sometimes you will get to play on the SmartBoard or play a card game like "Go Fish."

Center 3

You will have fun coloring sheets and papers to work on at Center 3.

Center 4

In the morning you get to work on writing words at this center. In the afternoon it becomes the listening center.

Center 5

There are fun computer games you will get to play when you are at center 5.
